Additional questions:

1. Have the board members acknowledged that they have read and understood the mission of the public authority? The OCIDA has reviewed the mission statement as well as the performance of 2019 and have adopted both by resolution on March 25, 2020.

2. Who has the power to appoint the management of the public authority? The seven members Board of Directors annually review and adopt a budget which includes a fee for administrative services. As directed by the Agency Members, those services are performed by the staff of Mohawk Valley EDGE. OCIDA designates the services it receives in the annual contract that it reviews, approves and executes. Further, the OCIDA Board of Directors selects and appoints individually the Executive Director who it charges to perform duties and activities on behalf of the Board.

3. If the Board appoints management, do you have a policy you follow when appointing the management of the public authority? The agency members have made a determination through annual consideration of the staff services agreement between OCIDA and Mohawk Valley EDGE to contractually engage the professionals of EDGE to provide services. Mohawk Valley EDGE is a staff of economic development professionals that the IDA would otherwise have to directly retain through excess expenses i.e. it would have to retain an individual Executive Director, CFO and other economic development expertise in carrying out its duties and functions.
4. Briefly describe the role of the Board and the role of management in the implementation of the mission. The Mission of the Oneida County Industrial Development Agency (OCIDA) was developed by the Board of Directors through much consideration and discussion. The IDA board is an independent body of members who all take their role and responsibility as Agency members very seriously. They consider the facts and implications when making determinations. They turn to the Executive Director to provide insight and recommendations, however all final decisions reside with the voting members of the Agency.

5. Has the Board acknowledged that they have read and understood the responses to each of these questions? All members participated in the drafting, presentation for discussion, and approval of these responses.
